

Shell  
TapUp™

In partnership with  
**AVK**  
THE POWER PEOPLE

# AVK AND SHELL TAPUP™ WORKING TOGETHER TO DELIVER YOUR FUEL REQUIREMENTS.

Shell TapUp™ is working together with AVK to refuel your generators at your location. Together with AVK, we can bring bulk fuel on-site and fill your generators directly with HVO, Shell GTL Fuel, Diesel, and AdBlue. One less thing for you to worry about! You will always have a full tank!

## HOW IT WORKS

### 1. SCHEDULE

We agree on a schedule and come to your location whenever you want

### 2. FUEL

Our skilled Mobile Service Champions fuel your generators with our high-quality fuels

### 3. SAVE

You save time and money while reducing your carbon footprint

## ADVANTAGES OF OUR SERVICE

Have **access to alternative fuels**, such as HVO and Shell GTL Fuel

**Save time** and leave the fuelling of your generators to us

Receive high quality fuel at a **competitive fuel price**

**Exceed safety expectations** by choosing the safest way to fuel your fleet

**Monitor your fuel** data and insights and easily access critical information

## WE DELIVER:

- HVO
- Diesel
- Shell GTL Fuel
- AdBlue
